## *Contents*

Predicting Vehicle Fuel Efficiency: A Comparative Analysis of Machine Learning Models on the Auto MPG Dataset <i>Alpay Doruk, Muhammed Ali Bayram</i>	1
Enhancing Bank Marketing Strategies: The Impact of Feature Reduction Techniques on Machine Learning Model Performance <i>Zeynep Özer</i>	12
Utilizing Machine Learning for Enhanced Diagnosis and Management of Pediatric Appendicitis: A Multilayer Neural Network Approach <i>İlyas Özer</i>	18
Effect of core material on induced voltage in electromagnetic harvester <i>M. Şamil Balcı, Adem Dalcalı</i>	25
PSIM simulation and analysis of LCC series-parallel resonant converter <i>Harun Özbay</i>	32
The Effect of Rotor Slot Number on the Performance of Asynchronous Motors in Light Electric Vehicle <i>M. Şamil Balcı, Adem Dalcalı</i>	40
